Reading is through the ROOF!

The challenge is extended and the gauntlet thrown down. I personally challenge every child and staff member in this school to read for the month of October. Let's kick off the bookfair with a BANG! For every classroom that meets or beats their reading goal I will spend ONE HOUR on the roof of the school. If EVERYBODY hits this goal, I will spend the ENTIRE day on the roof! Can we do this? Am I going on the roof? Read and find out!

Nets for Africa

This semester for chapel offering we are collecting money for the Malaria Project. In Africa many people are contracting Malaria and dying from the disease. Mosquitos bite them while they sleep. The Malaria Project is working to provide nets for their beds. The nets cost \$10 dollars. Our goal is to cover 100 beds.

We have covered so far:

11 beds

The King will reply, 'I tell you the truth, whatever you did for one of the least of these brothers of mine, you did for me.'

What's Hopping in 4K

Leaves changing colors and falling down; what a beautiful time of year! Last week we were learning all about leaves! Leaves come in many shapes, sizes, and colors. Leaves are what help produce food for the trees, so they are very important. We were busy in school creating many beautiful leaf pictures. The 4K students made glitter leaves, leaf people, and their own autumn tree. Check out our hallway to see their beautiful artwork! The 4K students also learned how to sign the word leaf using American Sign Language. During our Jesus time, the students learned about Jacob and his dream of angels walking on a staircase from Heaven. On the top of the staircase, Jacob saw God. God told Jacob that he loved him and would always be with him. We know that God will always be with us and protect us! How wonderful!

Congratulations!

Congratulations to the Corrente and Taschner families! They won one month free tuition for recommending Trinity to another family. Does free tuition sound good to you? Then recommend Trinity today!

Kindergarten Korner

Busy, challenged, playful and confident: These are wonderful words to describe our week. Our journals are becoming more detailed and phonetic. In math, we practiced numerals and numbers 0-5, still reviewing sorting rules and patterns as well. Science brings us to bones, bodies, good health, and the biology of bats. In Jesus time, we acted out the account of Joseph in Egypt and now Moses and the Red Sea. On Friday, Firefighter Joe will visit to remind us of fire safety. See you Saturday in church to sing! Hopefully we will continue to rise to the challenge of reading for the Book Fair and offerings to Africa.

First and Second Grade Spotlight

In First/Second Grade, we are excited to be meeting our reading goals and working closer to getting Principal Bedroske to sit on the roof all day! We are excited for our fieldtrip to the Oshkosh Grand Opera House next Tuesday ☺
