### Reading is through the ROOF!

The challenge is extended and the gauntlet thrown down. I personally challenge every child and staff member in this school to read for the month of October. Let's kick off the bookfair with a BANG! For every classroom that meets or beats their reading goal I will spend ONE HOUR on the roof of the school. If EVERYBODY hits this goal, I will spend the ENTIRE day on the roof! Can we do this? Am I going on the roof? Read and find out!

Mrs. Bedroske  
Principal

### Prayer Requests

*Please pray for the following families this week:*

*Mader  
Otradovec  
Polar  
Rickert  
Rilling*

*Mrs. Clark's husband who is deployed in Afghanistan  
If you have a prayer request please feel free to submit it to the  
school office to be added to this list.*

### School Directory

Please dispose of the yellow school directories. There was a printing error. A new directory is being distributed today.

## What's Hopping in 4K

Families are very special and love us greatly! We talked last week about how some people live in smaller families, and others live in bigger families. Each student created their own "Shape Family". A shape was chosen for each member of the family. Each child shared their family t-shirt that they created. Each shirt was very special. During our Jesus time, the 4K students learned all about Noah and the ark he built. Together, we acted out the story and built an ark from blocks in our classroom. It was a lot of fun!

## Kindergarten Korner

I thank God for this class of children and the parents who continually support learning and spiritual development. We are learning a new departing prayer for our classroom. It will be our second one. **Reading:** New letter printing U,V,W Journaling is becoming more detailed. Our September one went home and we are very proud of it. **Math:** More/Less Than comparisons. We also played a fun game with dice to practice printing the numerals. **Science:** Anatomy!! Yes, thanks to the 3&4<sup>th</sup> Graders who traced our bodies on paper. We added bones and some organs this week. **Religion:** Bible account of Joseph and His Brothers. What a beautiful story of forgiveness and God's providence in our life through hard times. **Chapel:** Our class performed a piece of music on the Orff Instruments. Wonderful!

## First and Second Grade Spotlight

In First/Second Grade Religion we continued discussing Moses' journey with the Israelites and the 10 Commandments. During Computer Lab, we continued on our keyboarding skills (<http://www.bbc.co.uk/schools/typing/>). 1<sup>st</sup> Grade Language Arts read "What Can Vets Do?" and "Hot Fox Soup"; while 2<sup>nd</sup> Grade read "Officer Buckle and Gloria". We would love to thank the Neenah/Menasha Fire Department for presenting fire safety skills to us on Tuesday morning ☺

## What's Happening in 3<sup>rd</sup> & 4<sup>th</sup>

**Math** each lesson is individually planned to help each student succeed at their own rate and tests will be on individual basis only so keep looking in your daughter's student planner for their test. **Language Arts** Spelling pre-test on Tues and post test on Friday. We are starting new Themes, 3<sup>rd</sup> grade Celebrating Traditions, 4<sup>th</sup> grade Problem Solvers. **Science** we will be having a test next week, tentatively planned for next Thursday, October 13<sup>th</sup> on how plants grow. **Social Studies** review for the test and we will begin a new chapter next week called *Understanding Regions*. **Religion** we will be beginning a new unit called *The Holy Spirit Blesses the Church*. Memory work is still weekly.

## Upper Deck

Due to many homework assignments not being completed, several changes have been made to the day. All assignments must be in before the 8:30am bell. At that time they will be checked in. Students with missing work will need to complete the work at snack break or recess. Many times homework is done, but not labeled correctly, not turned in to the correct spot, or not turned in at all. Please encourage quality in this part of the homework process. In addition, all students 5<sup>th</sup>-8<sup>th</sup> will have their assignment books initialed by me showing it has been filled in properly.

**Nuggets-** first 5<sup>th</sup> grade and first 6<sup>th</sup> grade nuggets are assigned

**Math-** In an effort to free up more math time, all tests will be taken in the computer lab on Thursday with Mrs. Zachek.

**Science-** We are now practicing the use of the Scientific Method in small groups. Pre-made experiments are being conducted this week.

**L.A.-** We have started our complete process piece of writing, Descriptive Essay. Students will pick a subject and describe it appealing to the senses. They will be graded on their appeal and writing proper sentences.
